Education

University of Michigan, 3.72 GPA   April 2020

- Bachelor of Science in Information, School of Information
  Concentration | User Experience Design
- Minor In Asian Languages, College of LSA

Experience

Designer, Rookie Road   Jun – Dec 2018

- Drafted a detailed and extensive analysis of Rookie Road's website, which has since been used by the Chief Product Office to identify next steps for the team
- Created wireframes and mockups for the mobile and desktop version of the entire site
- Made a branding guide to promote consistency and clarity in the team's graphic designs

Co-Director, Shift Creator Space   Jan 2017 – Present

- Co-lead a 40 member creator space in a team of 6 hosting technology-focused workshops, fireside chats, community events, and mentorship opportunities
- Advise 8 creators during a weekly stand up to accelerate the development and deployment of their projects
- Form relationships with startups, corporate recruiters, local freelancers, and other technology-driven individuals to provide a vast network built around creators' interests and projects

Creator, Serendipity   Sep 2017 – July 2018

- Built-out a concept for a mobile dating application, Serendipity, which connects users who frequent the same locations
- Conducted 11 coffee chats to test the concept and used participants' feedback to aid in designing the interface of the application

Staff, Camp Michigania   Jun – Aug 2017

- Helped manage and facilitate daily camper activities in the Ceramics Arts and Crafts Center for 50+ campers every day
- Instructed adult and child campers in a wide range of art projects, including but not limited to ceramics/glazing, stained glass, batik, and raw clay
- Maintained inventory, operated kilns, and developed classes for children
